

EAST CAMPUS

— background & timeline —

Thanks for your interest in the question of whether the East Patrol Division Station and Crime Lab Campus, or an individual part of the campus, should carry a name other than East Campus. The City of Kansas City, Missouri is currently listening to public recommendations and comments.

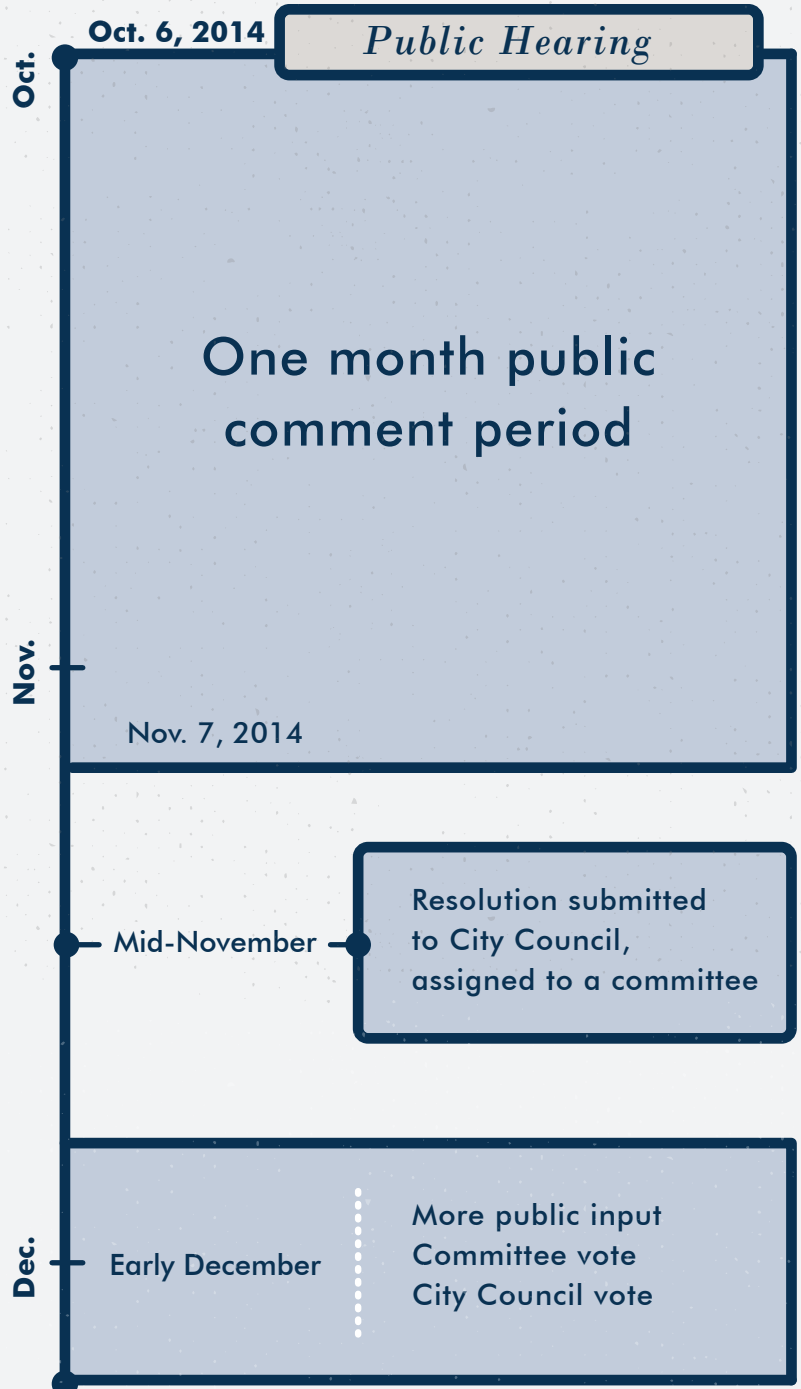

This public process will examine whether a name should be attached to the campus, as well as who could be honored and why. If a name is given to the facility, it would mark the first time any KCMO police station is named in honor of an individual. The new East Campus will feature a police division station, a state-of-the-art crime lab, and a property and evidence depository. These new facilities will replace outdated buildings.

The project will have a significant economic impact on Kansas City's eastside citizens and businesses, while also benefiting the City's taxpayers.

Construction has begun on this \$74 million project, which is scheduled for completion by Winter 2015-2016. The facilities are scheduled to open in early 2016.

The East Campus is being built with the Public Safety Sales Tax approved by Kansas City voters in 2002 and renewed in 2010.

The new East Campus will feature a police division station, a state-of-the-art crime lab, and a property and evidence depository. These new facilities will replace outdated buildings.
