

# Project Goals

1

Improve mobility between Downtown, Midtown, UNMC, UNO, and the Crossroads and Aksarben Village areas

2

Maximize the efficiency and effectiveness of the transit investment

3

Increase support for land use and economic development goals and enhance the use of transit-supported land use, planning, and design strategies

4

Increase sustainable transit investments that are compatible with the built environment

5

Provide a transit investment that can be implemented within budget constraints for capital and operating expenses
