Your Transportation Vision for CT

What? A strategic planning process to transform transportation in Connecticut for a more prosperous, sustainable, and livable future.

Why? Transportation affects every facet of our lives. The state must direct its resources where they will accomplish the most good for all our residents – now and in the decades to come. This process will develop a shared vision for Connecticut and will ensure that the state remains a competitive, well-connected, and livable place.

How? *Transform*CT will be driven by the people of Connecticut. Your voice will be heard through innovative and engaging online tools, surveys, forums and workshops. We need you to tell us your vision of the future and about your transportation needs!

Who? People from every walk of life, of all ages, and from every corner of the State – residents, businesses, everyone who lives, works, or travels in Connecticut.

When? *Transform*CT begins **today!** Over the next 18 months we will be listening, shaping the plan, and providing an affordable, strategic path forward.
