HOMEWORK

Meeting 4: February 25, 2015

We're in the REVIEW GOALS AND POLICIES STAGE

Our purpose is to **Identify Issues and Opportunities, Generate Ideas and Directions, and Provide Feedback and Revisions**

In advance of the meeting please dedicate some time to reviewing the packet materials and the following items:

1. Please review the meeting summary notes and make note of any corrections that are needed.

2. Please review and familiarize yourself with the background maps that were distributed as part of the Meeting 1 packet (Jan 14). If you don't have access to the maps or would like to see large scale versions, you can view them online here: <http://www.orovalleyaz.gov/sites/default/files/media/files/your-voice-our-future/docs/2015/yvcdevmtg11-14packetwebsmall.pdf>

3. Please review the following definitions. We will be discussing these boundaries and areas at our meeting.

The **Planning Area** includes the areas within the Town limits as well as land outside the Town's current limits that may be annexed to the Town as it develops. The Planning Areas also includes land adjacent to the Town that may be affected by or may affect land uses in the Town, such as National Forest land, that the Town as no plans to annex.

Designated on the Land Use Map, the **Urban Services Boundary** (USB) is around most of the Planning Area. The Town does not intend to provide urban infrastructure to areas outside the USB. These areas should not receive any increase in density or land use intensity over what currently exists.

As required by state statute, **Growth Areas** are areas "that are particularly suitable for planned multi-modal transportation and infrastructure expansion and improvements designed to support a planned concentration of a variety of uses, such as residential, office, commercial, tourism and industrial uses." Four previously designated areas include: Oracle Rd/Tangerine Rd, Oracle Rd/First Ave, Oracle Rd/Magee Rd/Ina Rd, and Foothills Mall Area.

4. Please review Chapter 1: Land Use of the current General Plan (pgs. 17-30). You should have received a hard copy of the plan with your committee binder.

5. Do you have any other questions that you want to discuss at our next meeting? Please also let us know in advance at ehamblin@orovalleyaz.gov.

Welcome and Introductions

- Bayer Vella welcomed committee members and thanked them for coming to the second meeting
- Introductions were made again since there were a couple of new faces
- Bayer asked for a quick introduction from everyone and mentioned that the committee is here as residents, and affiliations is secondary

Packet Review and Meeting Business

- Elisa Hamblin then reviewed the agenda
- The committee was asked if they had any changes on the Meeting Summary Notes.
 - No changes
- Presentation by Bayer on Land Use and Design
- Open House on February 23, reviewing Land Use maps, committee welcome to attend
 - Those invited were given a questionnaire to fill out
 - Town staff will gather info from those invited, will compile info and present to committee
- Elisa touched on how to use Vision and Guiding Principles
 - Vision and Guiding Principles to guide the committee's work
 - Look at it and see where we need to go
 - Committee's charge is to stick with Guide
 - Elisa asked the group if they agreed to keep to it, did they feel comfortable with this charge
 - She asked the committee to talk about it, get it out on the table

Development Committee

- The committee talked about it being a confused process; saying at the end of the day, the workbook that gets presented is voted on by voters, committees need to come up with a final product they all agree on and will get approval
- Elisa explained that after committee meetings wrap up, staff will go back out and use workbook as benchmark – even though broad, make sure it is aligning with community and they see their voice was heard
- Bayer talked about the Scorecard
 - It is something to be able to go to, a starting point, leading up to vote
 - Will make adjustments based on next phase
 - After committees wrap, will do more surveys on work to test what we've done and will make adjustments
- The committee talked a little about the process of updating the General Plan will take 2 years+ and people's ideas about what should change can change
- Elisa said the committee needs to feel comfortable with the process and uphold to the Vision and Guiding Principles
- Overview of upcoming meetings
- Bayer then talked about working together as a committee
 - Group survived second meeting – the hardest
 - Start engaging with each other
 - Refinements
 - Enormous volume of work to go through
 - Committee in position to give feedback; heading in right direction
 - Bayer then said we need input on words, but need to ask – do you folks want to write the document as a committee or give provide guidelines/changes to existing
 - If write (wordsmithing) – adds 15 meetings to complete & folks who don't have a lot of time would need to drop
 - Purpose is to create a balance
 - Double the request – be kind to each other, going after issues, and not folks
 - Big question – Write? Opened up for discussion
 - Committee talked about involvement of Mayor and Councilmembers
 - More discussion about the workbook going out the public for review and coming back for the committees to update based off of feedback
 - Bayer explained it needs to be user-friendly, wordsmithing will need to be done, but quick
 - Got a better word? Write it down and submit it, move on
 - Bayer explained he wants wordsmithing, but not to spend too much time
 - Elisa explained a new process used at the last Community Committee meeting
 - Write changes on ½ sheets of paper and past to her, she will collect everyone's comment and rewrite based on those
 - Committee was good with this process

Discussion: Land Use and Design (pg. 5-8 of workbook)

- Starting on page 5, Elisa opened up for discussion and explained what to spend time on – clarity, theme, intention
- 5.3.1.1 & 5.3.1.2 – Modify existing zoning & “New” Land Use – mixing multiple directives, these will be reworked

Development Committee

- Elisa talked about each action should tie to the policy
 - Asking about intent of actions
 - What does everyone think it means
 - Elisa – intention is broader and wants to hear what the committee think its means
- 5.3.1 – question about if this goes on this page
- Actions 5.3.2.1-5.3.2.4 – Link? Setting stage for future action
- 5.3.2.5 – What is Town trying to protect airpark from?
 - Surrounding developments, balloons, encroachment, airport noise
 - Elisa – from group: protecting Airpark in appropriate way
- 5.3.3.2 – will change wording (designations) similar phrasing and will make line up
- 5.3.3.1 – how can you minimize vehicle trips; intent is if density is allowed, people can walk to destinations
- 5.3.3.3 – Similar way to say this statement
- 5.3.4 – questioned how many community centers needed, people need to be spread out, not just one big park
- 5.3.5 – rework wording
- 5.3.3.1 & 5.3.3.2 – will be condensed and put back into policy
- 5.3.7 – New action idea – regional parties/partners
- 5.3.8.1 – clarification needed, Bayer explained
- 5.3.8 – rethink explanation
- 5.3.8.1 – change the word “require”
- 5.3.6 – rework wording
- 5.3.7 – clarify policy
- 5.3.7.2 – prioritize major roads
- 5.3.10.1 – master planned? Explained that not being forced on anyone, making it available
- 5.3.9 – wording questioned, committee talked about what it means to them
- 5.3.9.1 – committee talked about this action and how it meant something different to several people, will be reworded
- 5.3.10.1-5.3.10.5 – phrasing on all actions will be changed based on committee and presented in next meeting
- Stopped at bottom of page 8 at 5.3.10.5

Presentation: Land Use Mapping

- Bayer talked to committee about creating a new map
- Look at every street corner and think about what should be there
- 85% built out
- Planning vs. Growth Areas

Outreach Continues

Oro Valley residents hard at work!

As part of the Your Voice, Our Future Project, three resident committees have been busy taking your vision and helping to make it a reality.

- Environment Committee (natural, water and cultural resources conservation): First series of meetings complete
- Community Committee (economy, parks, arts, education, public safety, Town services): Upcoming meetings on February 19 and March 5
- Development Committee (land use, growth, infrastructure, transportation): Upcoming meetings on February 25 and March 12

You can track the committees' progress, join the community conversation and comment on the latest versions of the committee work on YourVoiceOV.com.

Working Together

- When reviewing policies and actions, ask yourself:
 - Do I agree with the **DIRECTION, CLARITY, and THEME?**
- If no, we need to discuss
- If yes, but the words need refinement:
 - Write it down
 - Pass it up

Growth Areas

Previous General Plan:
The Town has identified four "growth areas," as follows:

1. Oracle Road/Tangerine Road: Southeast Rancho Vistoso commercial center, the campus industrial park in Rancho Vistoso Neighborhood 3, and adjacent areas.
2. Oracle Road/First Avenue: The Target Center, Steam Pump Village, Honeywell, and adjacent areas.
3. Oracle Road/Magee Road/Ina Road: The areas adjacent to these intersections and between the intersections along Oracle Road.
4. Foothills Mall Area: Bounded generally by La Cholla, Ina, Shannon, and Magee Roads.

As defined in the State statutes, these are areas "that are particularly suitable for planned multi-modal transportation and infrastructure expansion and improvements designed to support a planned concentration of a variety of uses, such as residential, office, commercial, tourism and industrial uses."

State of Arizona Description:
A growth area element, specifically identifying those areas, if any, that are particularly suitable for planned multimodal transportation and infrastructure expansion and improvements designed to support a planned concentration of a variety of uses, such as residential, office, commercial, tourism and industrial uses. This element shall include policies and implementation strategies that are designed to:

- (a) Make automobile, transit and other multimodal circulation more efficient, make infrastructure expansion more economical and provide for a rational pattern of land development.
- (b) Conserve significant natural resources and open space areas in the growth area and coordinate their location to similar areas outside the growth area's boundaries.
- (c) Promote the public and private construction of timely and financially sound infrastructure expansion through the use of infrastructure funding and financing planning that is coordinated with development activity.

What's Next?

- Meeting on February 25th
 - Discuss Land Use Mapping
 - Review Open House Feedback
 - Review Planning Area boundaries
 - Identify Growth Areas
 - Discuss State Lands properties in more detail
 - Tangerine 550
 - Arroyo Grande

Tangerine 550 State Land

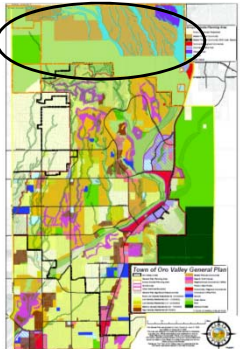

- Property Size: 550 ac.
- Property owned by State Land Department
- Potential future annexation
- Potential residential, commercial, employment uses

www.YourVoiceOV.com

Arroyo Grande

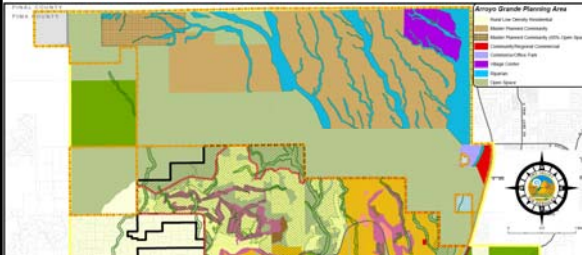

- North of Sun City on west side of Oracle Rd.
- Property Size: 9,000 ac.
- Property owned by State Land Department
- Potential future annexation
- Potential residential, commercial, employment uses

www.YourVoiceOV.com

Arroyo Grande

Draft policy language: Growth area policies related to the Arroyo Grande area will be addressed at a future date, in agreement with Arizona State Lands Department, and as part of an extensive public outreach process which may include public forums and media coverage. It is assumed the shared goals include creating a balance of developable area and open space.
